

# ASTRO CLEAN ACP-10

Nonfood Compounds  
Program Listed (A1)  
#101295

**ACP-10** is a surfactant blend exhibiting unusual solubility and surface activity. This cleaner contains emulsifiers and sequestrants and is formulated especially for use in all departments of meat and poultry plants. **ACP-10** removes heavy soils quickly, holding them in suspension to prevent redeposition on the surface and rinses clean. **ACP-10** is a **SELF-FOAMING** cleaner and works well in foaming equipment without the need to add expensive foaming agents. Cleans processing equipment, belts, conveyors, vats, smokehouses, hooks and trolleys, ham molds, meat massagers, smoke trees, walls, and floors. Use as a soak tank cleaner for soaking heavily soiled parts such as oven trays, stainless steel smoke sticks, ham molds, hooks and trolleys.

Use with one of the many foamers available from Astro Products  
Create dense penetrating foams for the best results!

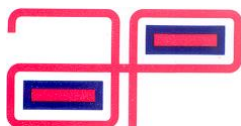

**Applications:** Meat and poultry plants, smokehouses, food processing equipment, bakeries, seafood processors, vegetable processors

**Benefits:** NSF registered formulation, #101295 (A1, general cleaner)  
High foaming powerful cleaning action  
Highly concentrated for diverse uses  
Rinses cleanly with no streaking or spotting  
No solvents or VOC's  
No organic or inorganic phosphorus

**Use levels:** Meter through a foaming applicator at 1 to 2 oz. per gallon for typical use. For soak tanks add 6 to 8 oz. per gallon. Potable water rinse required.

**Specifications:** Appearance: Clear amber thin liquid  
pH: 13.5 - 14.0  
Specific gravity: 1.21 - 1.22

**Cautions:** Safe to use on most surfaces except aluminum and other soft metals, spot check if uncertain. Product is strongly caustic, use proper personnel protection when using.
